Hi Solomon

The Secretary Treasurer Elisha has your email and the clarification from Derek. It is up to you and your client to ask the Secretary Treasure for the application to return to Committee when you think there is enough new information that the members will vote in favour of the variance. Staff will be able to report to Committee that the County has clarified their position, and the Township continues to recommend the variance be approved. If you are ready for it to go back just let Elisha know. Thanks
