Hi there;

I would like to register for the upcoming meeting regarding the proposed zoning By-law Amendment meeting.

We are the owners of [REDACTED] directly behind the empty lot. When we moved in here in 2022 we fled the city for a quieter life. We are so disappointed to hear that 24 stacked town homes may be developed behind us.

I would like to mention that last year we had a fence installed and it was installed 6" inside our property line as per our Lawyer.

Respectfully;  
Julie & Bill Cooper
