

The Committee of Adjustments  
Township of Southgate

February 26<sup>th</sup> 2024

Dear Committee:

I am the "affected landowner" residing at

in close proximity to a proposed beef barn addition requiring a minor variance to MDS II setback requirement to my house.

I would like to inform planning staff and the committee of adjustments that I am in support and would suggest that the committee vote "in favor" of the project.

Warm regards,

**Cleason Martin**
